

# FOUNDER LEGAL BOOT CAMP

8/9 NOVEMBER 2024: DÜSSELDORF AND REMOTE  
APRIL 2025: MUNICH AND REMOTE

**In the free two-day events, we equip aspiring founders with what they need to avoid the most relevant legal pitfalls that can trip over founders in the first years and succeed in their fundraising efforts.**

We share lessons learned from working with countless start-ups and focus on, amongst others:

- Founder Equity Split and Early Cap Table Composition
- Start-up Financing incl. Convertible Loan Financings
- Term Sheet Deep Dive – Equity Financings
- Data Privacy and Cybersecurity Must-Haves
- IP Must-Haves
- AI Business Models – Getting the Legal Stuff Right
- Employment Law Must-Haves
- Expensive Tax Pitfalls in the Early Stages
- U.S. German Holding Structures and the Delaware Flip
- University IP Spin-Outs
- Employee Stock Option Plans (Virtual Programs, Hurdle Shares and Sec. 19a EStG Shares)

If you are interested to attend, visit [orrick.com/flbc](https://orrick.com/flbc) or contact Sven Greulich at [sgreulich@orrick.com](mailto:sgreulich@orrick.com).

"Together with our friends at Orrick and the WHU, we created the FLBC back in 2020. The goal was to equip young entrepreneurs not only with what they need to navigate legal pitfalls but to help them lay the foundation for rapid growth. I am excited to see that this program has become an institution and has helped literally hundreds of founders already."

**Malte Brettel**

*Professor, RWTH Aachen University*

"The Orrick Legal Boot Camp is a must-have for all founders. Nowhere else can you find such good and compact knowledge for founders at a glance. We still benefit from this knowledge today."

**Jan Büchenschütz**

*Co-Founder & COO, RIICO*

"The Founder Legal Boot Camp covers the must-knows for any founder in Germany, presented in an entertaining way - backed up by lots of open-source information. Any (prospective) founder ignores this content at her own risk!"

**Philipp Gerbert**

*CEO, TUM Venture Labs*
